

# Robert Cray, Walk Around Time

Late night dinners  
Early morning walks  
Seven nights together  
Now it's time to talk

Try to see it my way  
Baby, it's not all that hard  
After seven nights together  
Darling, we need to be apart

Love can be easy  
But the trust is hard to find  
And all I need is some walk around time

Walk around time, baby  
Is all I need

Walk around time, baby  
Listen to me

Love can be easy  
But the trust is hard to find  
And all I need is some walk around time

Last woman I loved  
Wouldn't let me out alone  
We stayed cooped-up together  
It was hard just to use the phone

Hey, I'm trying to tell 'ya  
Trying to make you see  
I'm trying to keep this love from drowning me

Love can be easy  
But the trust is hard to find  
And all I need is some walk around time

Walk around time  
Is all I need

Walk around time, baby  
Listen to me

Love can be easy  
But the trust is hard to find  
And all I need is some walk around time

Walk around time, baby  
Is all I need

I need a little walk around time, baby  
Listen to me

You know, love can be easy  
But the trust is hard to find  
And all I need is some walk around time

Walk around time, yeah  
Is all I need

I need a little walk around time from you, baby  
Listen to me

You know, love can be easy

But the trust is hard to find  
And all I need is some walk around time

Walk around, yeah  
Is all I need

I need a little walk around, yeah, yeah  
Listen to me

Walk around, yeah  
All I need is some walk around, baby  
Listen to me

Walk around  
Is all I need, baby

A need a little walk around from you, baby  
Yeah, yeah

Walk around  
Yeah, yeah, yeah, yeah

Walk around

I've got some soul (?)  
I've got some moves (?)
