

# Robert Cray, What You Need (Good Man)

You don't need a rich man  
To make you money  
Cause you got the money maker  
And you sure use it, honey

You don't need a strong man  
To keep you safe  
Cause all the danger's in your angel face

You don't need a hard man  
To make you cry  
Cause you can turn on those tears  
Without even tryin'

What you need is a good man  
What you need is a good man  
What you need is a real, good man  
So what do you want with me?

What you want with me?

You don't need a fast man  
To drive your fast car  
Cause whatever you need  
Comes wherever you are

You don't need a smart man  
To do the math  
When I see you in a bubble bath

And you don't need a candy man  
To get you sweets  
Cause you got the sugar, baby  
And you've got the heat

What you need is a good man  
What you need is a good man  
What you need is a real, good man  
So what do you want with me?

What you want with me?

I don't know why you can't  
Want what you need  
I don't know why I can't  
Be what I should be  
This love is like wine  
You want it all the time  
But is it good for you?  
Is it good for me?

(SOLO -- sounds like Playin' in the Dirt)

What you need is a good man  
What you need is a good man  
What you need is a real, good man  
So what do you want with me?

What do you want with me?

You need a good man  
What do you want with me?
