

# Robert Earl Keen, Jr., I'll Be Here For You

Good times come and then they go  
The rain will fall the wind will blow  
Through it all you gotta know  
I'll do what I can do  
To protect you right or wrong  
Heal the hurt 'til the hurt is gone  
I'll be right where I belong  
I'll be here for you

Chorus

I'll be her  
when the sky turns gray  
The sun goes blind  
and the moon won't stay  
I'll be the light to guide your way  
onto some place new  
I'll be here  
when the crowd is gone  
The last note fades on the very last song  
I'll be the road to take you home  
I'll be here for you

When your star falls from the sky  
And your wings don't want to fly  
Just remember I'm standing by  
To help to see you through  
'Cause better days  
will come again  
Clouds will break,  
your heart will mend  
I'll be where I've always been  
I'll be here for you

Chorus
