

# Robert Fripp, North Star

North star  
We stare  
How far  
How clear

Now touch  
Touch here  
Now warm  
Now near  
Now near

Within  
With you  
With love  
With love  
How sweet  
How filled

Now time  
Now time  
Now touch  
How sweet  
How near  
How filled  
Now time  
Time's still  
I'm still  
Tonight

North star  
We stare  
How far  
How clear  
How far  
How clear  
How far  
How clear

Now touch  
Touch here  
Now warm  
Now near  
Within you  
With you  
With love  
With love  
With love

I stand in the hallway  
She stands in the hall  
I stand at the doorway  
She stands at the door  
I lean in the window  
She leans on the wind  
I wait for beginnings  
She waits for the end  
For the end, for the end

North star  
North star

How far  
How clear  
Now touch

Touch here  
Now warm  
Now near  
Now near

How far  
How clear  
Now touch  
Touch here  
Now warm  
Now near  
Now near

For the end  
For the end  
North star
