

Robert Grenier, Time Is Blue

Time is blue, love is green
love is green, love is green
Time is blue, love is green
love is green, love is green

Oh how they cheered when
we were done
I guess we left them wanting more
We shared our love backstage
high above
We walked hand-in-hand out the door
And outside was sunny, and peaceful,
and bright
The trees were swaying
I heard this song playing, that...

Chorus

I know I've never said
the words that I mean and
I know that this world isn't
quite like my dreams, but
I want you to know in the spaces
between when we meet
I still think of you
Tender and sweet
