

Robert M, Children Of Midnight (ft. Matheo, Tommy La Verdi)

When the sun is not around
This is where you wanna be
When the stars is coming out
The night is gonna set you free

So turn it up
Way up, come light the flame
Turn it up, way up, we're on one way

We are the children of midnight
It's alright, it's alright
/2x

Oh way, oh way, oh way /2x

In the dark we come alive
They say we are a different breed
But we don't need the light
This is where we live and breath

So turn it up
Way up, come light the flame
Turn it up, way up, we're on one way

We are the children of midnight
It's alright, it's alright
/2x

Oh way, oh way, oh way /2x
