

Robert M, Heart Of You

The world we know, is spinning way to slow.
Years fly by, I can't help but wonder why.

I know what it takes to fight for love and taste defeat
You know I've been there
Everybody knows tonight is all we need.

I would climb to the highest hill,
I came looking, yeah you know I will,
Wait forever never standing still
If I could find the heart of you.

We gonna run, we gonna run again, we gonna run again.
We gonna run, we gonna run again, we gonna run again.

All this time, you were on my mind
Stars won't show which way I should go.
All my life, love I could not find
Love so true, no I couldn't find you.

I know what it takes to fight for love and taste defeat
You know I've been there
Everybody knows tonight is all we need.

I know what it takes to fight for glory
Strike of lightning
Rain is pouring
Gimme just tonight to show you what I mean.

I would go in the wind for you
There ain't nothing I rather do
I would go anywhere, it's true
Just to find the heart of you

I would climb to the highest hill (anywhere)
I came looking, yeah you know I will
Wait forever, never standing still
If I could find the heart of you (Till I could find)
Till I could find the heart of you

We gonna run, we gonna run again, we gonna run again.
We gonna run, we gonna run again, If I could find the heart of you.
