

# Robert Plant, Memory Song

On my mind, all my talk  
From the lips of so many memories  
Sun, breaks the cool  
Are you lost without a clue?

Stars still shine, winds will howl  
All my friends sense you now  
Now, strange, so very strange

Ooh, yeah, on my mind, all my talk  
From the lips of so many memories  
Sun, breaks the cool  
Are you lost without the clue?

Remain divided, we had our day  
The help provided the sad display

Hello, hello, hello, I saw you once before  
In my dreams you've come to call  
You are my friend, you are my friend  
You touch my soul, ooh, ooh  
You touch my soul, whoo  
Hello, hello, hello

Ooh, hello, hello, hello  
Oh, yeah yeah yeah yeah yeah  
Oh, yeah, yeah, yeah, oh  
So strange, so very strange, now

Come on, come on, come on, come on  
Oh-ho-hoo, come on, ooh yeah  
Mmm, ooh yeah, eh  
You are my friend, you are my friend  
Ooh-oo-oo  
Ooh-oo-oo
