

Robert Plant, S S S & Q

I'll kiss the flower in your hair
I'll kiss your flower everywhere
I give my love but you don't care that I want you

Was it like heaven in your arms?
Or was it some place else that charmed?
My self-control is on my arm - I want you

Here comes the rain again - there goes another lonely day
If I could only whisper to you across the whole, I'll say

I've spent the hours in your caress
Your caress is still the best
Oh mother of God, I've made a mess - I love you

Here comes the rain again [etc repeated]

Girl, girl - all my world
Make me, take me if you would
Soak, shake, splash, and quake
Taste your flower - tastes so good

Here comes the rain again - there goes another lonely day
If I could only whisper to you across the whole, I'll say
Here comes the pain again, while you're so far away
I lie and wonder whether it's just too much to pay

My close attention took my seed
You satisfy my every need
Gonna let it grow for another year
I need you, I need you, I need you --

Girl, girl - all my world [etc repeated]
