

Robin Black, Some Of You Boys And Most Of Yo

I love you
Now you're gonna do what i say today
And some of you
Know you can't delay what i've got to say
Cause some of you boys
And most of you girls
Will love me
Some of you boys
And most of you girls
Will love me

You will scream
You know when you scream
You will scream for me

And can't you see
Yes you're gonna be
What i tell you to be

Cause some of you boys
And most of you girls
Will love me
Some of you boys
And most of you girls
Will love me
You will love me
Some of you boys
And most of you girls
Will love me

Ohhhh yeah

La la la la la la
la la la la la la
la la
you will love me

La la la la la la
la la la la la la
la la
you gonna love me!

Cause some of you boys
And most of you girls
Will love me

you will love me

Some of you boys
And most of you girls
Will love me

Your gonna love me!

Some of you boys
And most of you girls
Will love me

Your gonna love me!

Your gonna fucking love me!

You will love me (x7)

(All of you boys, And all of you girls, Will love me)

Your gonna fucking love me!

You will love me! (repeat till fade)
