

# Robin Trower, Lady Love

Lady love, I heard a voice and it soothed me  
Lady love, a simple tune and it moved me  
Move me and sooth me  
Leading me home  
Truly for me now  
Lady love

Lady love, the mans a fool to be leaving  
Dreams of love, passing by like the seasons  
Maybe I'll wake up  
Oh tell me I will  
And find you there waiting

Lady love

Lady love, I need some warm and tender  
Nights of love, sweet and fine to remember  
Maybe tomorrow, your fever will find me  
Waiting for me now  
Lady love  
I'll find you waiting, lady love  
Find you there waiting, lady love  
I'll find you waiting, lady love  
Waiting, waiting lady love
