

Robin Trower, Lady Love

Lady love, I heard a voice and it soothed me
Lady love, a simple tune and it moved me
Move me and sooth me
Leading me home
Truly for me now
Lady love

Lady love, the mans a fool to be leaving
Dreams of love, passing by like the seasons
Maybe I'll wake up
Oh tell me I will
And find you there waiting

Lady love

Lady love, I need some warm and tender
Nights of love, sweet and fine to remember
Maybe tomorrow, your fever will find me
Waiting for me now
Lady love
I'll find you waiting, lady love
Find you there waiting, lady love
I'll find you waiting, lady love
Waiting, waiting lady love
