

# Robin Ward, Wonderful Summer

I want to thank you for giving me  
The most wonderful summer of my life  
It was so heavenly  
You meant the world to me  
And anyone could see that I was so in love  
I want to thank you for giving me  
The most wonderful summer of my life  
I never will forget  
That summer day we met  
You were so shy and yet you stole my heart away  
We strolled along the sand  
Walking hand in hand  
Then you kissed me and I knew  
That I would love you my whole life through  
I want to thank you for giving me  
The most wonderful summer of my life  
And though it broke my heart  
That day we had to part  
I'll always thank you for giving me  
The most wonderful summer of my life
