

# Robots In Disguise, Animals

She's a creature in her birthday suit,  
Dirty - preening, for a night's breeding,  
He sees a stray beast in the mirror,  
Hairy - shaving, to go out on the mating  
Such a cool cat in his skintight jeans  
Horny - sharking, "Hi, what are you drinking?"

I'm a hot b\*tch with my catwalk sway,  
Juicy - pouncing, "Hey! Are you dancing?"  
With the wildlife oh we bump and grind,  
Moving, shaking - watch me displaying,  
In the undergrowth oh we grunt and grope,  
Calling, panting - sweaty romancing

I'm an animal, you're an animal,  
Animals, are you fit for the kill?
