

Robots In Disguise, Everybody's Going Crazy

Shake your head and bite your hand
On the floor for the crazy dance
Shake your head and bite your hand
Get ready for the crazy dance
On the floor, in your pants
Get ready for the crazy dance

Don't look at your watch 'cuz you ain't got the time
Do check you've lost your mind
Don't make any plans 'cuz we are up all night
We're up all night
You screw the white coats and howl up at the moon
We'll mash up looney tunes
Won't tap for a pulse, just freak into your moves

(Chorus)
Everybody's going crazy
Everybody's going crazy
You and me, oh baby
Everybody's going crazy
Everybody's going crazy
Everybody's going crazy
You and me, oh baby
Everybody's going crazy

Shake your head and bite your hand
On the floor for the crazy dance
Shake your head and bite your hand
Get ready for the crazy dance
On the floor, in your pants
Get ready for the crazy dance

Hands in

Do stray from your pack burn hands around the fire
Don't hiss like you're Mariah
Do suck up gas and laugh until you fly
We'll strip off our straits and wrestle in the lake
Smash mud make body paint
You foam at the mouth, I lick your frenzied face

(Chorus)

Tick tock, is everybody cuckoo? x7

(Chorus)

Everybody's going crazy
Everybody's going crazy
You and me, oh baby
