

Robots In Disguise, The DJ's Got a Gun

Everybody put your hands in the air and get
Down on the floor
Oo oo' oo oo'
They were sitting down and drinking
They were hanging out and talking
But they wouldn't move to the dj's groove
An it got the dj raging!
"have you got any old school hip hop?
Have you got any thrash rock be pop?
Have you got anything a bit more uptempo?
Handbag? techno? disco? electro?"
Aaaaaaargh!
You better run
Cos the djs got a gun
Gonna end your fun
Cos the djs got a gun
They were standing round and posing
They were chilling out n smoking
But they wouldn't move to the dj's groove
An it got the dj raging!
