Robyn ft. Kleerup, With every heartbeat

Maybe we could make it all right We could make it better sometime Maybe we could make it happen, baby We could keep trying but things will never change So I don't look back Still I'm dying with every step I take But I don't look back Just a little, little bit better Good enough to waste some time Tell me would it make you happy, baby We could keep trying but things will never change So I don't look back Still I'm dying with every step I take But I don't look back We could keep trying but things will never change So I don't look back Still I'm dying with every step I take But I don't look back And it hurts with every heartbeat And it hurts with every heartbeat And it hurts with every heartbeat
