

Roch Voisine, That's More Like It

Sometimes an hour feels like a minute;
Sometimes an mile feels so close;
I'd still feel the warmth from you
Just like the sun
From 93 000 000 miles away.

Sometimes a voice can be carried
As far as the whole universe;
But now all I hear is the sound of your silence
Giving your heavy heart away;
But you know me baby,
I'm always off the beaten track;
But the best part of leaving is coming back

That's more like it,
There's a light in your eyes,
Come on, give me a smile, baby
That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
We still got today, tomorrow's years away

Sometimes the eye can see beauty
When you're not around to behold;
'Cause I've got a picture of you in my mind,
You're gonna be a part of me for all time;
But you know me baby,
There's no need to be so sad;
'Cause the best part of leaving is coming back

That's more like it,
There's a light in your eyes,
Come on, give me a smile, baby
That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
We still got today, tomorrow's years away

That's more like it,
There's a light in your eyes,
Come on, give me a smile, baby
That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
Girl, we still got today, tomorrow's years away

That's more like it,
It's not as bad as it seems,
You'll be there in my dreams and I'll be
Back before you know it;
Girl, we still got today, tomorrow's years away!
