

Rock-A-Teens, Why Is.....

Woooo!!

Here, we go again,
Livin' the same life,
beginnin' till the end,
Till you turn my head,
and say "hello"
I think this.....

(Chorus)

What is going on these days?
Is it just me in my craze?
What is happenin'?
Why r u here with me?
Why is why always asked?
Ok I won't ask again.

You come down the street,
shirt around your neck,
dancing to the cool rap beat,
Untill I realize,
And get back on my feet,
and then ask again.....

(CHORUS)

Some day,
we will reach that place,
some day,
we will leave this craze,
so many questions,
where are the answers?

(Chorus 2x'S)
