

Rock City, I'm Losing It

I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.
I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.

She got my mind blown,
I feel like I'm gone,
Way outta my head, did ya hear what I said?
It's with the lights on, and with the lights off,
I know I'm kickin', she's so, that I don't even care.
I'm not her type but I don't ever listen to it.
They said, don't waste my time, I continue to do it
She is super hot, gotta get her, I bet I'm not.
Girl, I just won't stop, you even know.

It's been so long, long, long, loonng,
All I do is stare, her lips are strong, strong, strong, stronngg.
I didn't know it there, so am I wrong wrong, wrong, wronng,
Forgettin' of the past, she got me gone, gone, gone, gonnee,
She don't even care,

I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.
I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.
I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.
I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.

What am I gonna do now?
My heart ain't makin' a sound,
Count every beat whenever this girl come, come around

She's so intriguing
She got me day dreamin'
Each and every time I see her, see I count the feelin.

Anytime that I see her pretty face, pretty face,
And the way she swing her hips on her waist, on her waist.
Oh girl you take me to a whole other place,
And the way I feel just wont go away, girl

It's been so long, long, long, loonng,
All I do is stare, her lips are strong, strong, strong, stronngg.
I didn't know it there, so am I wrong wrong, wrong, wronng,
Forgettin' of the past, she got me gone, gone, gone, gonnee,
She don't even care,

I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.
I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.
I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.

I'm losing it, I'm losing it,
She got me, she got me, got me,
She got me, she got me gone.

Girl you are fire, oo you are burnin' up,
You really take me higher when you turn me up.
Girl you are fire, oo you are burnin' up,
You really take me higher when you turn me up.
Girl you are fire, oo you are burnin' up,
You really take me higher when you turn me up.
