

# Rock Kills Kid, Again

I've waited a long time  
To look into your eyes  
Again for the first time  
I know, yes I know, that you'll come  
Running back to me  
Maybe some day I do believe  
You'll come running back to me  
I believe

Your heart is mine  
I've had it a long time  
Even though this time I know  
Yes, I know you'll come  
Running back to me  
Maybe some day, I do believe  
You'll come running back to me  
I believe

I speak to you in my head every night  
Making you up in my head  
I think I can make you understand again  
Maybe someday

I've waited a long time  
To look into your eyes  
Again for the first time  
I know, yes I know, that you'll come  
Running back to me  
Maybe someday I do believe  
You'll come running back to me  
I believe

You'll come running  
To me  
To me  
You'll come running  
To me  
You'll come running back to me  
I believe  
To me, to me, to me
