

Rock Kills Kid, Back To Life

I have waited for this day
To feel I'm fitting in
And I have longed to feel this way
To be alive again

I came back, back
Back to, life
I came back, back
Back to, life
I came back

I made plans to go away
And never to return
I did not think I'd feel this way
But this is what I've learned

And now there's time to think
Of someone else, besides myself
And now there's time to think
Of someone else

I came back...
I came back...
