

# Rock Kills Kid, Back To Life

I have waited for this day  
To feel I'm fitting in  
And I have longed to feel this way  
To be alive again

I came back, back  
Back to, life  
I came back, back  
Back to, life  
I came back

I made plans to go away  
And never to return  
I did not think I'd feel this way  
But this is what I've learned

And now there's time to think  
Of someone else, besides myself  
And now there's time to think  
Of someone else

I came back...  
I came back...
