

# Rock Kills Kid, Be There

Whatever you want  
i'll be there  
whatever i have  
i will share  
whenever you cry yourself to sleep  
i'll dry your eyes

whenever i try to hold on to something too tight  
it gets away from me and my side  
i start to lose it then comes losing you  
it's not my fault, baby  
please don't please don't go

whatever you want  
i'll be there  
whatever i have  
i will share  
whenever you cry yourself to sleep  
i'll dry your eyes

what did i do to deserve you putting up with me?  
whatever i did, oh faithful every day  
i haven't lost it and i'm not losing you  
i'll try best, baby  
please don't please don't go

whatever you want  
i'll be there  
whatever i have  
i will share  
whenever you cry yourself to sleep  
i'll dry your eyes  
whatever you think  
i will think  
whatever you say  
i will say  
whenever you cry  
i'll dry your eyes

when the world has brought you down  
(brought you down)  
i'll be around  
when you smile at me  
I feel it deep down  
(deep down)

whatever you want  
i'll be there  
whatever i have  
i will share  
whenever you cry yourself to sleep  
i'll dry your eyes  
whatever you think  
i will think  
whatever you say  
i will say  
whenever you cry  
i'll dry your eyes  
(repeat)

i'll be there  
i'll be there
