

# Rock The SAT, Promontory

We're on a promontory  
High above the sea  
Reminisce with me  
Think back on how we came to be  
Like this, so amorphous  
We're so shapeless and unformed  
We're gonna waste away into nothing, baby.

You know that you're the queen  
The monarch, you're supreme  
Infallible, you can do no wrong  
So why you stringing me along  
I try to tell you this, but like a plagiarist  
You steal my words away  
And I forget what I had to say

And I've been ravenous and rapacious too  
I hunger for you, yes I do  
Indelible, I can't be removed  
No matter what you put me through  
I just can't compete when it comes to you

Our total love's a meager sum  
A paucity, it's next to none  
Don't repudiate me, don't discard me  
Your neglect has really marred me  
It's damaged me, done harm to me  
We've got to turn ourselves around  
Got to work our way back to solid ground

And I've been ravenous and rapacious too  
I hunger for you, yes I do  
Indelible, I can't be removed  
No matter what you put me through  
I just can't compete when it comes to you  
Yeah, I'm just some kind of fool when it comes to you

Our love was comprehensive when we started  
It was all-inclusive  
Now it seems to me that we've plateaued  
There's no growth  
Have I worn out my utility  
I'm not useful anymore  
Now it's all sobriety  
But we were never this serious before

On a promontory  
High above the sea  
Don't you push me  
We can reconcile and be  
Together again, best of friends  
This rivalry is through  
I just can't compete when it comes to you.

And I've been ravenous and rapacious too  
I hunger for you, yes I do  
Indelible, I can't be removed  
No matter what you put me through  
I just can't compete when it comes to you.  
Yeah, I'm just some kind of fool when it comes to you  
Yeah, yeah, I don't know what I'm gonna do when it comes to you  
We're on a promontory
