

# Rockapella, This Isn't Love

This isn't love, who do you think we're fooling.  
This isn't love, why don't we just let go?  
If this is love then love is just a game we play and I ain't gonna play no more, no (no,no)

You run around, I run around and we we're going in circles babe  
Why can't we live faithfully?  
You made a vow, I made a vow but we just keep on breaking down  
What are we throwing away?

What's it going to take to wake you up?  
What's it going to take to open your eyes? (eyes)

This isn't love, who do you think we're fooling.  
This isn't love, why don't we just let go?  
If this is love then love is just a game we play and I ain't gonna play no more, no (no,no)

We said, she said, you said, your wandering ways were justified  
You never shared that with me~ (Never, with me)  
Your thinking that I'm living a lie then tell that to me to my face  
We gotta communicate~ Whoa whoa~

That's what it took to wake me up  
that's what it took to open my eyes (eyes)

This isn't love, who do you think we're fooling.  
This isn't love, why don't we just let go?  
If this is love then love is just a game we play and I ain't gonna play no more, no no (no,no)

Let it out, breathe easy girl  
Some (??????) , we lost that feeling  
I remember a walk on a beach  
and from here it seems so out of reach  
that look in your eyes, where did it go?

This isn't love, who do you think we're fooling.  
This isn't love, why don't we just let go?
