

# Rocket From The Crypt, I Wanna Know What I W

Bullheaded boy with nothing to show  
My ears are deaf to what I don't know  
The older I get stupidity grows  
Yeah I don't care, I don't wanna know  
I know it doesn't look so hot  
It wasn't my best shot  
Oh yeah if you only knew  
That again and again we fall  
I wanna know what I wanna know...  
Curse what I know nothing about  
It doesn't make you right  
Oh yeah if you only knew  
That again and again we fall  
I wanna know what I wanna know...
