

Rockettothesky, Oh, Anna

I once
had
a list
of names
that I wrote to keep track of them:
So many girls! </big>
somanboys!</big>
tothinkicouldconceivethemall!</big>

<small>Not that I couldn't have done so
if i wanted to.</small>

Do you remember the list?
The list with the power -
The power of voodoo!
<small>Who do?</small>I do!</big>

All this time you wanted me, Anna.
I was on your list.
