

Rockfour, Oranges

Come eat oranges with me
Peel them with your fingers
Down where people cannot see
Let yourself go free

Light is out and suddenly
The feeling of your touch
It's ten-past-six and you're asleep
I'll wipe away your foolish grin

Time is running and I know
I need to get out of this maze
To find what's written in the cards
Or am I going insane?
Then again

Grey's the color in my mind
Never black and white
A thousand shades before my eyes
Afraid of almost anyone

Come eat oranges with me
Peel them with your fingers
Down where people cannot see
Let yourself go free

Time is running and I know
I need to get out of this maze
To find what's written in the cards
Or am I going insane?
Then again

Grey's the color in my mind
Never black and white
A thousand shades before my eyes
Afraid of almost anyone

But now I'm tired, I can't go on
Don't want to wake up and return

Grey's the color in my mind
Never black and white
A thousand shades before my eyes
Afraid of almost anyone
