

Rockie Lynne, Don't Make This Easy On Me

Don't make this easy on me,
When you break my heart.
Don't let me down gently: let me down hard.
If you're thinkin' we can be friends: baby, think again.
If you care anything about what we used to be,
Don't make this easy on me.

Don't leave any hope, don't leave any dreams.
When you go, take everything.
I gave you my heart, you'll leave with my soul.
Now's not the time to choke,
On some old memory: just leave.
Don't make this easy on me.

You hand holds the key,
Your eyes hold a tear.
Your suitcase is packed to leave, but you're still here.
Don't kiss me again, I'll take it like a man.
Don't say you'll always love me: show some mercy.
Don't make this easy on me.

Don't leave any hope, don't leave any dreams.
When you go, take everything.
I gave you my heart, you'll leave with my soul.
Now's not the time to choke,
On some old memory: just leave.
Don't make this easy on me.

Instrumental Break.

Don't leave any hope, don't leave any dreams.
When you go, take everything.
I gave you my heart, you'll leave with my soul.
Now's not the time to choke,
On some old memory: just leave.
Don't make this easy on me.

Just leave, please:
Don't make this easy;
Don't make this easy on me.
