

Rod Stewart, Hard Road

(H. Vanda / G. Young)

My mama 'n' papa told me son that you're just a fool
when I told 'em I was leaving home I was leaving school
So then in a couple of hours I found myself
heading down that southbound road
with everything I owned on my back
I carried such a heavy load

And it's a hard, hard road that I travel
It's a hard, hard road that I travel
It's a hard, hard road that I travel down the line
And it's a hard, hard road down the line

Well I wanna tell ya friends
that it's good to be a traveling man
'Cause I'm doing what I want to
Living just the best that I can
Nobody putting rings around my neck
To put me in a pigeon hole
I've got my dog and my radio
to listen to some rock 'n' roll

And it's a hard, hard road that I travel
It's a hard, hard road that I travel
It's a hard, hard road that I travel down the line
And it's a hard, hard road down the line
