

# Rod Stewart, Spanish Boots

(beck, stewart, wood)

I used to work and take a salary  
In a hole up near a foundry  
But it did not take me too long  
To get my boots on a &quot;so long!&quot;;  
Long spanish boots on a &quot;so long!&quot;;

I took a day job in bethlehem  
I nearly threw in the towel then  
But it did not take me too long  
To get my boots on a &quot;so long!&quot;;  
High spanish boots on a &quot;so long!&quot;;  
Dig it

I took a spanish haberdashery

Restored with 15th century tapestry  
But oh, mr. nesbitt got the best of me  
So I strapped on my boots and said &quot;so long!&quot;;  
Laced up my high boots and &quot;so long!&quot;;  
Goodbye

... am on a job you see  
'cause my old boots they mean too much to me  
Leather boots are just a mystery  
Put on my boots and said &quot;so long!&quot;;  
High spanish boots on and &quot;so long!&quot;;  
Put on my boots and said &quot;so long!&quot;;

Those old spanish boots  
Put on my boots and said &quot;so long!&quot;;  
High spanish boots
