

# Rod Stewart, What I'm Gonna Do (I'm So In Love

Can I tell you what you mean to mean  
You're as central as the air I breathe  
Almost impossible to believe that you're mine  
You're like weekends all year long  
under a hot Jamaican sun  
You are a winner at a hundred to one  
yes you are  
Something you've got is something I need right now  
You don't have to prove it no more  
I'm down on my bended knees honey  
What am I gonna do I'm so in love with you  
What am I gonna say if ever you go away  
One in a million oh so rare  
a nightengale in Berkeley Square  
and baby I ain't goin' nowhere without you  
You are the goal that wins the game  
the very last bus home in the rain  
You're like rock and roll and champagne  
all in one  
Something you've got is something I need right now  
Let's not mess around any more  
I'm down on my bended knees honey  
What am I gonna do I'm so in love with you  
What am I gonna say if ever you go away  
What am I gonna do I'm so in love with you  
What am I gonna say if ever you go away  
I'll be a sleek one of a kind  
and so difficult to define  
I could drink a case of you any time  
The Sistine Chapel and the Eiffel Tower  
a national anthem an April shower  
tomorrow's fashion and now I've found you  
I'm complete  
Something you've got is something I need right now  
You don't have to prove it no more  
I'm down on my bended knees honey  
What am I gonna do I'm so in love with you  
What am I gonna say if ever you go away  
I'm like a schoolboy in your hands  
I wanna get up and sing and dance  
You see one hell of a happy man standing here  
Individually quite unique  
You really swept me off my feet  
and baby you look oh so neat  
with nothing on
