Madison Gale country flower is pooh de pooh freshener, that's what it is.
Look it smells like a country flower!!
Who wants to eat a country flower?
Make a flavor we like chicken, beef bullion, anything.
Give me a reason to take my hat off and go down there.
I feel like chicken tonight, chicken tonight

I had three sisters growin' up there was shit in that bathtub I didn't know what it was until i was 25 y
Momma had that big water bottle thing hangin off in there.
To me that was just a really neat squirt gun.
I was in there tryin' to blow it up, bmmmmmp
You cant blow that sum bitch up either youll bust a blood vessel out your head
Dont suck on it, ewwww
Momma said get that outta your mouth do you know where that's been?!?!
She just wants to kill ya cause she thinks shes raisin a f**kin' heathen.
Daddy's laughin' his ass off 'cause hes in there 3 hours earlier doin the same damn thing
He didn't know what it was either
He's in the front yard waterin' the plants with that sum bitch
You don't see those anymore
The days of the water bottle are gone
Women now days are just naturally fresh
They figured out soap works!

I married a woman that got's a identical twin sister

Men never plan to get married women do!

Dream on hooker, dream the f**k on.
You wanna know why a man gets married I'll tell ya why a man gets married.
A man gets married because hes been in a reallationship for so long that he just f**kin' gives up.
