

# Rodney Carrington, More Of A Man

She likes to go hunting with her buddies  
She once killed a deer with just a stick  
She likes those smoky bars and rock gut whiskey  
And pull my fingers still her favorite trick

She likes Hormel chilly on her ice cream yeah  
With a jalapeo pepper on the side  
She once fried bacon with her shirt off  
Chopped up an onion and didn't even cry

## CHORUS

Hey shes more of a man then I'll ever be  
Shes done things that most men can't believe  
She chews tobacco swallows the juice  
Her real names shela but they call her moose  
Shes more of a man then I'll ever be  
It's plaine to see  
She put the he in she  
Shes more of a man then I'll ever be

She likes her old job down at the factory  
Even though she lost an arm in 83  
She spent a little time in fulsome prison  
And Johnny Cash is tattooed on her knee

Shes never rode a bull that's ever throne her  
Hell she rode one all the way through tennasee  
Shes never met a man whose ever owned her  
Although I think shes got the hots for me

Shes more of a man then I'll ever be  
Shes done things most men wont believe  
She eats beef jerkey by the ton  
And stares directly at the sun  
Shes more of a man then I'll ever be  
It's plaine to see  
She put the he in she  
Shes more of a man then I'll ever be
