

# Rodney Carrington, Things We Didn't Know

We were young when we first met,  
And I won't ever forget the way you made me feel that night back then,  
Little did I know my life had change forever  
inside of you my angel had to be  
All at once the baby came along,  
everything was moving fast  
but nothing seemed wrong

Chorus

Thank god for that  
Things we didn't know  
Thank God for that  
If we did we might turn back  
Thank God for that  
He must have known that we weren't through  
God gave me all I need  
He gave me you

We struggled the first few years  
There was laughter  
There were tears  
Through it all somehow we made it work,  
Our babies brought us joy  
Held us close together,  
what we didn't have we made with love,  
Sacrifice you gave when I was gone  
Dreams u let me follow  
always brought me home

Chorus

Everything we have been through  
Will bind our love forever  
Not a day will ever pass  
that we won't be together  
here we are much stronger than we have ever been before  
Our souls are sown together and our hearts forever more  
I look forward to our future  
And what our days shall be  
Our kids our life our love are all we'll ever need  
The mother that you are is made me proud  
And the wife that you have been  
I am so glad I found

Chorus

God gave me all I need  
He gave me you
