

# Roger Clyne & The Peacemakers, Love, Come Lighten My Load

Love, come lighten my load  
Love, come lighten my load  
An empty heart is the heaviest weight to hold  
Love, come lighten my load

Who do you love?  
Who do you love?  
Ask yourself, free yourself  
Every love is one Love...

Love, come lighten my load  
Love, come lighten my load  
Been lost so long...help me find the road  
Love, come lighten my load

Who do you love?

Please take away my doubt  
please take away my fears  
please take away my foolish pride  
Open up my hands  
Open my arms  
Open my eyes  
Open my heart up wide  
Revolution's on the inside

Who do you love?

Every love is one Love...  
Everyone is one Love...
