

Roger Daltrey, Oceans Away

Don't wake me up
If I should be dreaming
I don't want to miss one minute of this dream
Don't worry now
Cause you're not dreaming
I'll love you always
Wherever you may be

Oceans away
Go where you may
And love will be with you
Oceans away
And love will be with you
Oceans away

The night is cold
But day is certain
No twilight zone
Can last very long
Darkness my friend
I'll hide in your curtain
If your not hear with me
Please let me dream on

Oceans away
Go where you may
And love will be with you
Oceans away
And love will be with you
Oceans away
Love will be with you
Oceans away

Oceans away
Go where you may
And love will be with you
Oceans away
And love will be with you
Oceans away
And love will be with you
Oceans away
