

Roger Hodgson, Right Place

Put it in the right place
Oh get into the right space
Move it at the right pace
Don't you turn into a head-case
Oh you drive me crazy

Don't say that you'll never be lonely, baby
Don't say that you'll never take chances, lady
Fee, fi, fo, fum everyone wants it baby
Be high, have fun, everyone needs it baby

Oh put it in the right place
Got to get into the right space
Oh move it at the right pace
Oh it drive me crazy

Don't say that you'll never be lonely, baby
Don't say that you'll never take chances, lady
Fee, fi, fo, fum everyone wants it baby
Be high, have fun, everyone needs it baby

Put it in the right place
Oh get into the right space
Move it at the right pace
Ah squeeze it in a tight place
Oh it drive me crazy

Don't say that you'll never be lonely, baby
Don't say that you'll never take chances, lady
Fee, fi, fo, fum everyone wants it baby
Be high, have fun, everyone needs it baby

Put it in the right place
Got to move it at the right pace
Better get into the right space, light space, tight
space...
