

Roger Miller, Indian Giver

I'm giving up on you and I've been feelin' that way for a day or two
And somehow I think you know good well why I sit here so all alone crying
Indian giver you give your heart to me but then
You wanna take it back again Indian giver I give in

[ac.guitar]

I'll go away somewhere and whether or not you miss me I won't care
Somehow I think you know good well why I won't be crying when I say goodbye
Indian giver you give...

[ac.guitar]

I'll be satisfied when I know you know all the tears I've cried
Somehow I think you know good well we could have been together for eternity
Indian giver you give...
