

Roger Miller, Raincarnation

If I was a bird and you was a fish
What would we do I guess we'd wish for reincarnation reincarnation
Would it be a sensation to come back two like reincarnation

If I was a tree and you was a flower
What would we do I guess we'd wait for a power or reincarnation reincarnation
Would it be a sensation to come back two like reincarnation
I love you don't you know I always will
You're a girl I'm a boy but suppose you was a rose and I was a whippoorwill
If I was a bird and you was a fish...
[pa pa pa pa pa]
I love you don't you know I always will...
