

# Roger Miller, You're Part Of Me

(This is a song called Part Of Me)

You'll always be part of me just like the wind that blows his part

In every storm that fills my heart

You'll always be the light that shines and guides me through the lonely nights

When you have left me here my tears won't start

You're part of me like kisses are a part of love

You'll never leave my mem'ry long enough to see me cry

You'll always be green pasture between the rocky roads I travel on our love won't die

[ ac.guitar ]

You'll always be part of me as surely as the waves will touch the shore

You'll brush my heart

You'll always be the one I love no matter if it be a lonely day or night

My tears won't start

You're part of me like robins all apart of spring

You'll always be a part of me at least in memory

You'll always be the day for me because they say tomorrow never comes

You're part of me you're part of me
