

Roger Sanchez, Again

By: Roger Sanchez

Question Have you ever had one of those days where nothing seems to go right?

I mean u wake up in the morning at what u think is the crack Of dawn only 2 realize that your alarm clock didn't go off 4 The 3rd time this week

And now you are 2 hours late 2 work..and u say 2 yourself Here we go again

So u jump out of bed, brush your teeth, skip breakfast, run Down the stairs only 2 discover that u park in the tow away Zone, which, had u been up on time, wouldn't have been a Problem but u weren't up on time were u? which means they Took your car and now u have 2 go 2 the impound yard and Pay that astronomical fine just 2 get it back and u think

Here we go again

Of course now u are 3 hours late 2 work, and when u finally Get there, your boss just looks at u and says

There you go again

Don't even bother 2 explain, he says, cuz I don't wanna hear it Just get..your shit..and go!

Man u cant catch a break..like me..it's like..

I'm up in the club on a Saturday night, just kickin it with my Boys u know chillin..having a good time.the dj throws on My favourite song..im dancing with this sexy-ass honey And in walks my girlfriend.

She takes one look at the situation, comes directly up 2 me and Proceeds 2 trip..aw man

Here we go again!

Chorus

We go up, down, turn around

Baby here we go again

We go left, right, and do it all night

Baby here we go again

(Repeat)

When I'm out in the clubs and I'm lookin fine

And I hear the same old tired lines

I think

Here we go again

U spent all night buying up the bar

And they just turned down your credit car

Uh oh!

V2

So why is it that everytime u get into a little disagreement with Your girl about what just happened..

She has 2 bring up 25 things that happened 2 years ago

And addit up into one Big problem that u didn't even know

Existed Oh!

Here we go again

Her: U see that? That's just what I am talking about! Uh huh,

That's right

There you go again

U don't even realize what u did, do you? U men are all alike,

Just got one thing on your mind., don't even pay attention 2

What's really important, like my feelings

I swear 2 God, I don't even know why I put up with u

Ok stop!

Let's try this again

Chorus

So I loan my girl my car
My brand new, drop top, two seater, black bmw z4 with
Leather interior and the boomin system..
I just got it back from the body shop after some fool backed
Into me at a traffic light
Man, my insurance is already through the roof
And wouldn't u know it..whe gets broadsided by an old lady
In a busted ass old buick
Well,
Here we go again

Chorus
(repeat)
