

Roger Shah & Tenishia feat. Lorilee, You're So C

There's a storm in your eyes
Pulls me into your soul
Waiting for sunrise
Cause I am left alone in the cold
They say you're made of ice
And you're hard to hold
I won't even think twice
wherever you go, I will go
At night I feel you
Send chills down my spine
Leaving me so cool
I must be near you
No I do not know when
I see you
(x2)
You're so cool
(x2)
Cool
(x2)
You're so cool
At night I feel you
Send chills down my spine
Leaving me so cool
I must be near you
No I do not know when
I see you
(x2)
You're so cool
