## Roger Taylor, Laugh Or Cry

(Roger Taylor)

This ain't no tragedy This ain't no addiction This ain't no comedy This ain't no fiction But baby you make me laugh And baby you make me cry I don't mind either way Now I don't care why You just gotta laugh - or cry Right till the day you die Just open up your heart Or open up your eyes Laugh or cry So anytime you wanna laugh Anytime you wanna cry Just open up your heart Or open up your eyes And baby laugh - or cry

And baby I know
That you'll thank me some day
(Don't hide your emotions)
And baby I know
That you'll see it my way
(Forget all these notions)
So anytime you wanna laugh
Anytime you wanna cry
Just open up your heart
Or open up your eyes
And baby laugh - or cry
Right till the day you die
