

Roger Tylor, Laugh Or Cry

This ain't no tragedy
This ain't no addiction
This ain't no comedy
This ain't no fiction
But baby you make me laugh
And baby you make me cry
I don't mind either way
Now I don't care why
You just gotta laugh -- or cry
Right till. The day you die.....
Just open up your heart
Or open up your eyes
Laugh or cry
So anytime you wanna laugh
Anytime you wanna cry
Just open up your heart
Or open up your eyes
And baby laugh -- or cry
And baby I know
That you'll thank me someday
(Don't hide your emotions)
And baby I know
That you'll see it my way
(Forget all of these notions)
So anytime you wanna laugh
Anytime you wanna cry
Just open up your heart
Or open up your eyes
And baby laugh -- or cry
Right till the day you die
