I'm a trusting soul, I m ashamed of living dangerously
I'm a headstrong girl, I m afraid I won't be told
I feel my destiny is only 'round the corner
Sugar daddy promised me I ll be sitting on top of the world
He saw my naked ambitions
Said I would leave them wanting more
That could be crazy wishing
We could ever have it all
Have it all, have it all
We'll make a movie, we'll break into cinema
You'll be director, and I ll be your movie star
We'll make a movie, the darlings of cinema
You'll be director, and I ll be your movie star
So he's a headstrong guy and perhaps I shouldn't listen
There's a million girls wanna be in my position
If he tells me lies I ll suspend my disbelieving
I leave it all behind, I ain't asking for permission
Feels like a new beginning
And there's so much to explore
It's not so crazy thinking
We could really have it all
Have it all, have it all
We'll make a movie, we'll break into cinema
You'll be director, and I ll be your movie star
We'll make a movie, the darlings of cinema
You'll be director, and I ll be your movie star
