

ROLE MODEL, if jesus saves, she's my type

if jesus saves then she's my type
kiss her face, fuck all night
an atheist
who knows defeat
who needs her lips
between his teeth
if jesus saves then she's my type

if she's real
she'd wear heels
she'd be mine
all the time
if i die i know she's taking the wheel
if she's real

if jesus saves then hook me up
we'll go on dates and fall in love
she'll hold my head
she'll get on top
kiss my neck
the pain would stop
if jesus saves then hook me up

if she's real
she'd wear heels
she'd be mine
all the time
if i die i know she's taking the wheel
if she's real

and she had me walking down the street singing like this, like
doo doo do

and then she'd join in and we start singing together like
doo doo doo

I've been livin on my lonely
going off the rails
i need someone who can hold me
like the fairytales
loving her would be so easy
wonder how she feels
she can tell me when she meets me
if she's real

if she's real
if she's really real
she'd wear heels
she'd be wearing heels
she'd be mine
all the time
if i die i know she's taking the wheel
if she's real
