

Rolling Stones, Congratulations

(M. Jagger/K. Richards)

Congratulations
Congratulations
Well done, my friend
You've done it again
You've gone and broken another heart
Yeah, you've torn it apart
You've done it before
Hope to do it some more
You've got it down to a fine art
Remember the first time
You tried to do it to me
My girl won't fall
Just wait and see
Just wait and see
Congratulations
Congratulations
You've gone and broken another heart
Yeah, you've torn it apart
La la, la la la, la la la la (congratulations)
