Rolling Stones, Good Times

(Cooke)

Whoa la la ta ta Whoa la la ta ta La la la all night long Wanna tell you Whoa la la ta ta Whoa la la ta ta La la la all night long C'mon let the good times roll We're gonna stay here to soothe our soul It could take all night long The evening sun is sinking low The clock on the wall says it's time to go I've got my plans I don't know about you I tell you exactly what I'm gonna do Get in the groove and let the good times roll We're gonna stay here to soothe our soul It could take all night long It might be one o'clock it might be three Time don't mean that much to me Ain't felt this good since I don't know when I might not feel this good again So c'mon let the good time roll We're gonna stay here to soothe our soul It could take all night long All night, all night All night, all night long Somebody said it might take all night long All night, all night whoa C'mon let the good times roll We're gonna stay here to soothe our soul It could take all night long
